## Consumers Digest awards SEBO "Best Buy" for Premium Upright Vacuum!

*Consumers Digest* magazine has announced that the **Felix** has been chosen **Best Buy for Premium Upright Category!** The Felix is featured in the August 2005 issue of *Consumers Digest* (now available at news stands) in an article titled "Clean Sweep" on page 67. The following is an excerpt from *Consumers Digest*: "This German-made upright is versatile and quiet. Thanks to its telescoping ergonomic handle, svelte body, 180-degree swivel joint between the trunk and motorized carpet nozzle, and the nozzle's low profile, this vac is also lean and agile enough to reach out-of-the-way spots (especially under furniture). It easily becomes a lightweight (9.9 lbs.) but powerful hand vac. A variable power control adjusts suction. It also has a cog-style belt that should last the life of the unit and an extra-long, easy-store cord. It has a darn good warranty, too, by industry standards."

able power control adjusts suction. It also has a cog-style belt that should last the life of the unit and an extra-long, easy-store cord. It has a darn good warranty, too, by industry standards."

SEBO is honored by this recognition. With so many vacuum cleaners on the market - this award helps consumers who want to purchase the very best in floorcare.

Classic

Ice Blue

Fun

Here are some of the reasons why  
**Consumers Digest**  
awards SEBO "Best Buy"  
for Premium Upright Vacuum!

**Felix - The Go Anywhere and Does Everything Vacuum**

**Goes Anywhere:**

The rotating swivel neck allows movement from right to left, vertical to horizontal, and everywhere in between, providing unmatched maneuverability. Edge cleaning and pet hair are no problem with this German-designed vacuum cleaner.

Uniquely portable and lightweight, the FELIX can be conveniently carried while using an attachment nozzle. Cleaning hard-to-reach areas has never been easier. But make no mistake, Felix is a full-featured powerhouse vacuum.

SEBO's 3-step hospital-grade S-class filtration results in 99.9% effectiveness at 0.3 microns, making it the perfect choice for allergy and asthma sufferers. The FELIX also uses a unique electrostatic exhaust filter that has 250 square inches of surface and is available in 3 colorful designs.

**Does Everything:**

The 4-level height adjustment allows for optimal cleaning of carpets and rugs.

The brush roller action can be turned off with the touch of a button to protect fringes on rugs. Attach the durable parquet brush, manufactured by SEBO, for cleaning hardwood floors. Upholstery and crevice nozzles are included for cleaning furniture and drapes.

The Classic and Fun models also feature a telescoping handle to adjust to your size, and an adjustable power control switch for vacuuming drapes and upholstery.

...and as always, the same quality and durability you have come to expect from SEBO.
